

The Institute of Professional Training ®

Training Seminar on the Welfare of Children

This training seminar applies to
EVERYONE
working with children in a voluntary
& paid capacity & all clubs etc.

If that means **YOU...**

- Do you know the law regarding child protection?
- Have you trained all of your staff in child protection?
- Have you put guidelines for child protection in place?
- Do you know what a Designated Liaison Person is?

The Institute of Professional Training is launching
"A Guide to Child Protection"

and you have a duty of care to the children in your community to know the law. Any child up to the age of 18 attending any organised function outside of the family home should be in the company of a person with Child Protection Guideline knowledge. That means swimming pools, crèches, public parks & play areas within your community.

The Institute will issue participation certificates.

Sat 16th January '10,
10am-4pm, Fee €150,
to include all documentation,
lunch & coffee breaks
